NEW 2016

„Alpe Adria Rally Cup“ (AARC) for 2WD vehicles up to 2500cc!
„Alpe Adria Rally Trophy“ (AART) for 4WD vehicles with free cubic capacity and for 2WD vehicles over 2500cc!

Further changes for 2016!

The economic crisis leads to difficulties for many teams in terms of budgets. To help the teams to deal with their finances there will be only 4-5 rallies valid for the AARC and 4 events for the new AART.

This will make these two Cups even more economic and compact!

The reduction of the number of events will help the participants save money and makes the AARC affordable for all drivers. Nonetheless there will be demanding rallies and very attractive amounts of prize money for all groups, as well as for the overall classification.

Smaller teams with fewer budgets also have the chance to achieve top-results and gain valuable prize money!

Seize the advantages of the „Alpe Adria Rally Cup“ and the „Alpe Adria Rally Trophy“ (AART)
